Tisca Chopra gave a talk on how parents and teachers must work hand in hand to make every child a winner. She emphasised on fact that the children are the building blocks of the nation and a positive upbringing goes a long way in making responsible citizens who have a deep feeling towards the country.

- She also highlighted the fact that it is very important for parents to have a clear vision about how to lead their child to the path of success and make him/her a winner. She further said that inculcating values like honesty, kindness and generosity are essential for a child to have a balanced spiritual, emotional and intellectual quotient.

- The program consisted of a Question-Answer session wherein the parents and students posed various questions to Tisca on topics ranging from Bollywood, academics, parental expectations from the students, peer pressure etc. Each answer came from deep within the heart of Tisca and her charisma enthralled one and all present at the occasion.

- Games and a rapid fire round added a fun element to the event. The programme concluded with Mr Arora's exhortation to parents that every child can be a winner if he/she is treated uniquely. Only parents have to identify the talent of their progeny and hone the skills and deepen the strengths the child possess.
